

V FORUM

GREEN SMART CITY

INVITATION

V FORUM GREEN SMART CITY

24 - 25th October 2019

The Technology Transfer Center of the University of Agriculture in Krakow with the University Association InnoTechKraK and the Innovation Center of University of Agriculture in Krakow limited liability company will be organizing the V FORUM Green Smart City on 24-25th October 2019. Previous editions gathered a lot of people, hence we are convinced that this year's edition will also be an important event on the conference map of Krakow.

The purpose of the annual event is to exchange information between local government authorities, universities, environmental protection funds, NGOs, entrepreneurs and residents of Małopolska, all interested in Smart City themes and intelligent technologies for cities and villages (Smart Villages).

You are welcome!

Prof. DSc Włodzimierz Sady

Rector of the University of Agriculture in Krakow

PhD Tomasz Czech

Director of the Technology Transfer Center of the University of Agriculture in Krakow
